

ST GEORGE BUDGERIGAR CLUB OF NSW INC AUCTION

2025

21st June Commencing at 10.00 a.m.

Bexley School of Arts, 476 Forest Rd. BEXLEY

Registration of Bidders and Viewing commencing at 9.00 a.m.

AUCTIONEER: Stuart Williams

Featuring a selection of quality birds from well known and successful breeders all levels of competition.

AUCTION INFORMATION

PRE AUCTION:

- It is the responsibility of Vendors to arrange and/or transport birds to the venue.
- Vendors are responsible to ensure the birds are presented in the best possible condition with access to millet sprays and a drinker in a standard show cage. Depending on conditions auction staff may wish to give birds water. If the Vendor is not present on or for part of the day they must give formal notice of their representative to the Auction coordinator (John Hewitt).
- Benching of birds will commence at 8.00 a.m.
- The Hall will not be open to Bidders until 9.00 a.m.
- Attendees intending to buy birds will be required to register prior to entering the Hall via the front door. Upon registration the person will be issued with a 'Bidder's Card' with their designated 'Bidder Number'. This is required and entitles a person to bid on and purchase lots presented at auction.
- No empty show or carry cages are to be brought into the auction hall.
- Despite all care exercised by both the vendors and St George Budgerigar Club no responsibility is taken for the accuracy of the information contained in this document and it is suggested purchasers inspect the Lots and form their own assessment of the bird offered .

VIEWING:

- On the Hall opening to buyers at 9.00 a.m. the birds will be able to be viewed.
- The St George Club is not responsible for the condition or faults displayed by birds so all buyers should make use of the time allowed to assess the birds which are of interest to them.
- At no stage are the birds to be interfered with by use of judging stick, pen or any other intrusive object into the cages.
- At no stage are buyers permitted to handle the cages. Only auction staff are permitted to do so up to and included to the point of check out.
- At the commencement of the Auction buyers will be requested to take their seats to allow free access to the auction staff to move birds to and from the auction podium.

AUCTION:

- The Auction will commence as near as is possible to 10.00 a.m.
- Only registered bidders may bid for Lots presented.
- Each Lot will be presented in order of catalogue. Any bird as per catalogue not present at the auction will be deemed to be scratched. Substitutions will be notified by the auctioneer prior to the commencement and at the point of Lot offer.
- On the fall of the hammer the successful Bidder must display their Bidder Card with number to the Auctioneer. At this point onwards the responsibility for the bird rests with the purchaser.
- The highest bidder on a Lot will be deemed the purchaser. Any dispute in relation to this will be dealt with by the auctioneer who may decide the outcome on merit or if justified put the Lot back up to auction. The Auctioneer's decision is final.
- The Auctioneer reserves the right to accept or refuse any bid.
- After the fall of the hammer no winning bidder may retract their bid as the Lot is deemed to be sold.
- Any birds failing to achieve a bid will be passed in and re-auctioned at the conclusion of all original Lots.
- Any birds not paid for at the conclusion of the auction may be re-auctioned or sold by any means at the discretion of the vendor.
- Any bidder representing another party on winning a purchase is responsible for payment as the registered bidder.

POST AUCTION/COLLECTION:

- Payment on the day will be either by cash, Mastercard or Visa. **There is a 1.15% SURCHARGE ON CARD PURCHASES**
- The collection point will be one of the front rooms of the School of Arts accessed through the front door of the facility.
- At the conclusion or during the lunch break birds may be claimed by the purchaser after payment to the Treasurer and then taking the receipt to the collection point. Auction staff will then bring the bird to the collection point for verification, where the purchaser will then be responsible for its transfer to an appropriate carry cage. At NO stage will a Purchaser remove a bird from the display bench.

FOOD AND DRINK:

- Morning Tea will be available
- Sausage sizzle and drinks will be available from the kitchen at reasonable prices

INSIGHTS TO VENDORS PRESENTING BIRDS:

Jim Baker	Senior Panel Judge, and Platinum Exhibitor for 2 years. Has had many birds in the National Team since 2022. Always competitive on the show bench with the varieties bred.
John & Sylvia Bucior	John and Sylvia have won many breeder's trophies and represented NSW in the state Team challenge over many years in various varieties.
Adrian Corner	Adrian is a Platinum Breeder from NSW. He has been breeding budgies for 8 years, retaining a small team and only breeding between 50-100 birds a season. He has had success representing NSW at the National Championships for the past 2 years: 2023 Ballarat 2nd and 6th Dominant Pied and 8th DF Spangle, 2024 Launceston 2nd Normal blue and 3rd Spangle Non Compound. In 2025: Grand Champion St George , Hills, and Illawarra Shows.
John Hewitt	John has a small stud of quality birds and although doesn't show often has managed to win Grand Champions on 4 occasions. He has also achieved a 2nd place at the Nationals and represented 3 times finishing in the top ten.
Troy Holmes	Multiple Logie winner and President of BCSA
Gerry & Michael Lynch	Firstly an introduction: Michael and I are a father and son partnership. The very impressive "Bill Cooper Trophy" was first introduced at the St George Club in 1980 and is still being competed for. Previous winners include Steve Wackwitz 1982 and 2016, Bob Pitt 2006 & 12, I & K Manton 2011, Wilson Family 1993,94,95,98, 2002,03,05,07 and 08, and ourselves also a 9 times winner. Our winning streak is all consecutive and we will endeavour to complete 10 years into 2026
A & C Merriman	Tony has been breeding Greywings for many a year. First greywings came from birds purchased from Frank Patterson (St George) and Owen Smith (Illawarra). Over the years outcrosses have been added to the bloodline from the likes of Ken Seagrott, Wally Capper, James Matthews and lately from Martin Poalie and Myles Henke.
Ken Mitchell	I commenced in the hobby in 1982 as a member of the Hills Branch now Hills Club. During my time at this club I have learnt about keeping and managing a stud of budgerigars and over the years have been successful in representing my club and state with various varieties. I was fortunate to win a National Logie in 2018
Bingo Razon	Recently moved to Intermediate. All birds in this auction have been bred in my aviary and are 2-3 generation of Matt Holyoak, Richard Bucior and Myles Henke's line of birds.
Jupp & Scheerer	Grandmother and Grandson Partnership, Open Breeders. Have 30+ plus years in the hobby. This family team blends experience and passion. Daniel is a Probationary Judge, adding depth to their involvement. National highlights 1 st Spangle (210), 1 st Normal Grey (2018), 3 rd Hens (2018) with multiple National Representatives. Recent results 2 nd & 3 rd Blackeye Self STCC 2023, 1 st & 2 nd Blackeye Self STCC 2024. Champion Open Young & Champion Young New England 2025. Bloodlines: Primarily Gazzard with M&D Gearing, Druery, Barnett and Whitton influences.
Geoff & Jenny Smith	Jenni and Geoff Smith started breeding budgerigars in the 1980's in Newcastle with a strong focus on olive opalines, dilutes and lacewings. After several years in the hobby they left to focus on family commitments. Jen and Geoff returned to the hobby in 2023 with a renewed enthusiasm and passion to show outstanding budgerigars. The backbone of their stud is primarily Randall (recessive peds and dilutes-blue), Gazzard (Normals and opalines), Barnett (cinnamonwings and opalines), Walsh (yellowface and dom pied, Bucior (recessive peds and opalines) Kent (spangles) and Hunter (Dom peds and normal)
Anthony Starcevic	Anthony is a Platinum Exhibitor and has represented the State 6 times, winning a logie in the Golden Face variety.

VARIETIES PRESENT:

The following table should be taken as a guide only as many birds can be either split or be of compound variety.
