2. The birds must not be interfered with or subjected to sticks, pens or similar objects.
3. All lots will be submitted in the order in which they appear in the catalogue; however, if necessary, the vendor reserves any right to make any alterations, additions or deletions to this order.

Upon the fall of the hammer each lot shall be at the purchaser's risk.

[Please see over for important Bird Flu-H5 Strain & Public Liability information]

PLEASE FAMILIARISE YOURSELF WITH THE FOLLOWING NEW RULES [Bird Flu-H5 Strain]

While there have been no reported outbreaks within aviculture at this stage, we want to make sure we are taking sensible precautions and doing everything possible to provide a safe and clean environment for all birds at our auction.

- Birds are to be placed on the tables provided. Only NOMINATED members will proceed with benching the birds and, at the same time, conduct a final check to ensure all birds appear well and ready for the auction.
- Everyone attending the auction must sanitise their hands upon entry.
- F10 spray will be available for anyone wishing to disinfect their footwear.
- We ask that attendees do not wear footwear that has been worn in their bird room or aviaries.
- We also strongly recommend that all cages are thoroughly cleaned and disinfected before being used at the auction.

Judging sticks and DIRTY carry cages will not be allowed into the Hall.

Buyers are responsible for transferring bought birds into their own cages at the end of the auction. Barry Giudice will be available to assist if required.

We want to stress that we are not trying to alarm anyone or suggest that birds attending the auction are currently at risk. These measures are simply about being diligent, taking appropriate precautions and doing our part to ensure all birds are in a safe, clean environment.

We appreciate everyone's cooperation and understanding and look forward to another successful auction.

With thanks to Western Suburbs Budgerigar Club
